

Forms and/or Documentation Associated with Each Step in the EI Process

This list has been developed to help you organize and complete all documentation requirements for the early intervention process. This checklist is intended to be used as a companion tool after you have read the *Infant & Toddler Connection of Virginia Practice Manual*. Because the early intervention process is individualized for each child and family, there is some flexibility about when some of this documentation is completed. Please refer the *Practice Manual* for more detailed guidance.
