

# INTEGRATED TRAINING COLLABORATIVE UPDATE

June 2013

## **A NEW LOOK TO THE CSPD UPDATE**

Check out our new look for the Integrated Training Collaborative (ITC) portion of the monthly update. Our hope is to streamline the content to provide you with easily accessible, quick to read info about relevant professional development information.

The Integrated Training Collaborative (ITC) coordinates Virginia's Comprehensive System of Personnel Development (CSPD) which is the professional development system for early interventionists who provide supports and services to eligible children and families under Part C of the Individuals with Disabilities Education Act (IDEA).

## **MONTHLY FEATURED TOPIC-COACHING**

Have you been hearing lots of buzz about coaching lately? Several regions have recently had coaching training thanks to collaboration and support from the DOE TTACs. We've enjoyed having Drs. Dathan Rush and M'Lisa Shelden sharing their coaching expertise. Consider this quote from them:

*"...the role of a practitioner should change from being the primary person responsible for promoting child learning to serving as a coach supporting parents and other caregivers. In this new role, the practitioner works alongside the parent(s) to jointly identify strategies to support child participation and learning as well as to support the adults' identification of, access to, and evaluation of needed resources." (Rush and Shelden 2011)*

Kaleidoscope: New Perspectives in Service Coordination, Levels I and II are required professional development trainings for all new service coordinators (although all are invited!) Trainings are held twice per year in cadres (KI and KII occurring in same location, one month apart) so that service coordinators have the opportunity to learn with each other for both Kaleidoscope sessions.
